**THE ROLE OF THE GOVERNMENT IN FINANCIAL SUPPORT OF
SMALL AND MEDIUM-SIZED ENTERPRISES IN POLAND:
CONCLUSIONS FOR UKRAINE**

The article examines the experience of Government support for the development of small and medium-sized enterprises in Poland. The main problems of financial support of SMEs in Ukraine are revealed. Based on the results of the analysis, recommendations have been developed to improve Government support for enterprises in Ukraine which will increase the efficiency, investment and innovation activity of SMEs, the level of competitiveness of the national economy in the context of European integration.

Keywords: *small and medium enterprises, Government support, financial support.*
